Presentations

- **Special Recognition:** Dr. Vicky Phares and the USF Psychology Dept and the Economic Self Sufficiency Program (ESS) of Dept of Children and Families.
Dr. Vicky Phares has championed refugee causes on the USF campus for almost 20 years. For 19 years, Dr. Phares has held an annual Warm Welcome Donation Drive that brings a happier holiday season to the neediest of refugee families. This year, Dr. Phares led two donation drives. The first was the Warm Welcome which raised over \$2,000 for clothing, toys and gift cards for a group of Congolese refugee families in need. The second donation drive was conducted with the Undergrad Psychology Alumni Association and raised over \$1,000 in donations of complete kitchen sets & hygiene bags for newly arriving Afghans. A special thank you to Dr Phares for her ongoing commitment and leadership benefiting refugees for almost 2 decades!

Our ESS program here in the Suncoast Region has been working harder than ever over the past few years. In spite of staffing shortages and record applications, under the leadership of Matthew Johnson, Operations Management Consultant 1 and Denise Garbin, Program Administrator, we've been able to work together to address the backlog of refugee applications for food assistance. We are not completely finished but much progress has been made under the leadership of these two exemplary staff.

- Presentation from **Language Line by Joe Matthews**, Strategic Account Executive for Language Line Solutions. This agency is the contracted interpreter provider for all refugee services programs. Currently the need is at an all-time high for interpreters speaking Dari and Pashtu and recruiting is ongoing. Wait times will be a bit longer for these two languages but with more interpreters being hired and trained, they expect wait times to go down in the near future.
