Contact: Lourdes Leconte
Office: (786) 257-5173
Cell: (305) 401-3374
E-Mail: Lourdes.Leconte@myflfamilies.com

This taskforce has been active in the Miami area for many years. The participants are representatives of various government agencies, private not-for-profit organizations, and mutual assistance associations. An average of about twenty-five to thirty people attends these meetings on a regular basis. The purpose of these meetings is to increase awareness of the refugee populations, share best practices, build collaborations between agencies, spot trends in refugee populations, characteristics or movements, help create good communication among service providers; get informed about upcoming community events, request for proposals, training, workshops, conferences, etc., at the local, state and national level; discuss refugee program service needs and possible solutions to meeting those needs. Meeting participants also receive updates, information and clarification on new federal and state regulations and policy changes pertaining to refugees.

If there are any issues that you would like to include in the agenda, please contact me at the above address.

I look forward to seeing you at the meeting!

INTRODUCTION:

David Draper, DCF Refugee Services Community Liaison Supervisor welcomed everyone and called the meeting to order.

PRESENTATIONS:

1. Samantha Francois & Tamara Aparicio, Senior Human Services Program Specialist, Florida Department of Children and Families, Office of Economic Self-Sufficiency:
DCF Care Coordination Program (Phase 3)
 - a) The Department of Children and Families, Office of Economic Self-Sufficiency is excited to announce our Care Coordination program in the Miami- Dade Region. Which is phase 3 of the program.
 - b) Our Care Coordinators will assist customers One on One to help them identify and overcome barriers so they can be self-sufficient. With the help of our partners, we aim to help members of our community attain economic independence.
The Southern Region has 18 care coordinators:
 - **OMC II (North) has 9**
 - **OMC II (South) has 9**
 - c) The referred client must live in the Monroe or Miami-Dade County.
 - d) The referred client must be receiving SNAP and/or TANF benefits for at least 6 months and no more than 21 months.
 - e) The referred client must be between 18 and 59 years old.
 - f) The referred client must indicate they would like to participate in the program and are willing to meet with a Care Coordinator.
 - g) Clients that have been determined **disabled** and therefore unable to work will not be included in the program. However, clients that have a **temporary disability** and **will be able to return to work will be included on a case-by-case basis.**
 - h) Our Care Coordination Senior Clerk (Senior Clerk) will screen the referrals to ensure the clients referred meet the eligibility criteria. Once the client has been

- deemed eligible then they will be assigned to a Care Coordinator. The Care Coordinator will then contact the client to schedule a meeting within (2) business days of receiving the referral.
- i) During the initial meeting, the Care Coordinator will complete an assessment to identify the client's primary barriers. Once the assessment is completed and barriers have been determined a Care Plan will be created. The Care Plan will contain the barriers that the client sees as preventing them from becoming self-sufficient, as well as the steps and services needed to remove those barriers.
 - j) Each Care Plan will be written based on the unique barriers and needs of each client. However, the goal will always be the same of becoming economically self-sufficient, no longer in need of or reducing their dependence on SNAP and/or TANF benefits. Then the Care Coordinator will determine what services are available in the community to eliminate the client's barriers.
 - k) Our Care Coordinators goal is to improve our clients experience of receiving government assistance and to help reduce per capita costs in the process. For this program to be successful it is going to require many moving parts: Internal and external partnerships-Economic Self-Sufficiency, Adult Protective Investigations, Child Protective Investigations, and our community partners.
 - l) At any given time, the client can request to no longer participate in the program. There is no penalty, should the client have a change of heart at any given time they can come back to the program. However, a new assessment will be required. The only way a client will be discharged from the program is if: the client fails to cooperate with the program and if the client is no longer receiving benefits.
 - m) The outcome achieved will be success, opportunity, and future self-sufficiency
2. Renée Rivers, Community Engagement Manager, Aunt Bertha, The Social Care Network
My Florida My Family Overview
 - a) Why use MyFloridaMyFamily?
 - It's an online directory of free and reduced cost services
 - It is DCF's preferred method for client referrals

ANNOUNCEMENT:**REFUGEE SERVICES UPDATE** (*Sent via E-Mail in July and August*)**Meeting adjourned at 12:01 PM****LEGAL SUBCOMMITTEE MINUTES – AUGUST 2021****Immigration and Legal Issues Subcommittee
Legal Subcommittee Meeting January 21, 2021**

- Need to find a solution to work permit issue; not being able to apply for large portion of population
- There is a lot of misinformation out there about work permits and why they don't qualify
- The clients are misunderstanding the communication notices because it states the application was accepted but its being misinterpreted as they were approved for the work permit.
- There is also a lot of misunderstanding about the N400 and continuous residence requirements. An applicant for citizenship can't be out of the country more than 180 days in any 12-month period. This doesn't necessarily mean Jan – Dec only but 12 consecutive months beginning with any months (e.g. Jun-May or Feb – Jan).
- Immunization courts are very backed up and information requests are not being processed as they should be.

EDUCATION SUBCOMMITTEE MINUTES – AUGUST 13, 2021**2021 REFUGEE TASK FORCE
EDUCATION APRIL SUBCOMMITTEE MEETING
(Aug. 13, 2021)**

- REVEST/Miami Dade College continues to offer hybrid classes as well as on-line only courses according to student and faculty needs. Instructors and students continue giving positive feedback regarding the use of the virtual classroom. Students are attending scheduled classes and participating in on-line learning through a variety of on-line

resources including the BlackBoard learning management system, My-Lab (Pearson Education) and Burlington English. REVEST (Miami Dade College) will offer in person classes starting in the Fall term (Sept.1. -Dec. 17, 2021.) We are proud of our staff for all their efforts to provide high quality learning at REVEST for all our students.

- All faculty attended a virtual faculty meeting Aug. 12, 2021. Instructors are preparing to return to in-person classes beginning Sept. 1, 2021. Most students and instructors currently remain on-line which is working very well and enhances enrollment options. We are maintaining vigilance on all safety protocols and procedure and we are awaiting any updates as Miami Dade College prepares for resuming in-person classes.
- REVEST currently has more than 396 students attending this Summer 2021 Term. We already have students for the Fall 2021 Term from Sept. 1 to Dec. 17, 2021. So far around 560 VESOL students have been enrolled program wide in this current Term of Summer 2021, and around 550 are going to be enrolled for Fall 2021. Although COVID 19 keeps its impact in our students, approximately 132 new students have been projected to test and enroll in the program throughout these months in our different Centers.
- REVEST continues to offer on-line ESOL and hybrid classes through scholarships at Community Education (Miami Dade College) Kendall and West Campus. Hialeah and Wolfson centers are eager to serve clients. REVEST strongly urges all refugee service partners to refer any interested client to REVEST for services! Thank you for your support and partnership.
- The REVEST Program has been able to process over 160 vocational registrations so far in the current Spring term about to end. Likewise, we have already begun registrations for the next Term beginning on August 23rd, and we have registered over 30 new students.
- REVEST continues with a campaign initialized in September 2019 (Fall 2197) to increase vocational registrations. We have continued to provide our students with Vocational Training Orientations during each VESOL Mimi-Term to start informing them, since lower levels, about their training options. These ongoing presentations also focus on the requirements for each type of course/Program, including VESOL completion, TABE scores and the in-state status; and include information about employment projections, growth and salaries as per a Labor market Analysis conducted by REVEST. In addition, the Vocational Coordinator attends Faculty meetings to discuss and develop strategies with the instructors to push the students' assimilation into vocational training, and the use of the vocational flyers in communicative activities. We continue providing training and advisement to advisors to be updated about changing procedures and system issues.

- REVEST congratulates Youth Coop on assignment of contract of Comprehensive Refugee Services and we will continue to work together to achieve all goals.
- The SAVES Trimester 2020-3 started on April 12, 2021 and ended on August 3, 2021. The total enrollment as of August 3, 2021, was 549. This total includes 57 newly enrolled and 17 SMA GED in Spanish students. SAVES students are participating in online classes, as well as hybrid mode to allow hands-on practice for some vocational courses. The SAVES District office is working with the SAVES school contact persons and their administrators to provide the support and help needed to ensure that all services to students are provided.
- Trimester 2021-1 will start on August 23, 2021 and will end on December 17, 2021. Plans for 2021-2022 are for SAVES students to attend classes in-person. An Online Academy will be available for SAVES students who do not feel comfortable attending classes in person.
- Students are enrolled in ESOL, ABE, SMA GED in Spanish, and a wide range of vocational/technical programs.
- Translation and validation services continue to be offered to eligible students. These services are provided to students with high school diplomas, associate degrees, and four-year degrees and higher, including licensing. Students will continue to report directly to Silny and Associates for services.
- SAVES continues to serve clients through distance learning (and hybrid mode) offered at 14 schools and three technical colleges, George T. Baker Aviation, Miami Lakes, and D. A. Dorsey, where eligible students receive services through vouchers. To better serve our clients, the voucher program has been extended to all adult education centers and technical colleges in M-DCPS.
- SAVES is engaged in a massive marketing/advertising campaign to reach refugees, asylees and entrants who are still within the five-year eligibility period and are not being served. This campaign includes having the school contact personnel reach out to students via email and telephone, SAVES website, Spanish and Haitian radio, and digital media in multiple platforms, including Facebook, Instagram, and Twitter. This campaign is yielding good results for recruiting, registration, re-enrollment, and retention.
- SAVES District personnel and school contacts follow up with students to ensure that they are accessing the Distance Learning platform. Information is gathered on students who are participating in online classes, as well as those students who did not re-enroll. Students enrolled are being monitored on absences, withdrawals, and attendance hours. Those who did not re-enroll are contacted and offered help to motivate them to continue their education. School contacts follow up with students who are close to reach the 70 instructional hours to ensure they posttest.

- More information is being uploaded to the SAVES website for students to access all the services and benefits of the program. New SAVES Student Success stories are uploaded, and congratulation letters are sent to the schools to be forwarded to the students. Visit our SAVES website at saves@dadeschools.com
- SAVES District Representatives Dr. Felica Gil and Ms. Natalie Diaz presented the New Administrators SAVES Orientation on Tuesday, April 27, 2021 at Miami Springs Adult. The objective of the orientation was to familiarize the new Assistant Principals of SAVES schools with the SAVES program to be able to assist the principals in implementing the program. Introducing them to the program, what it offers, benefits and services and goal will facilitate the implementation of the SAVES program
- SAVES District Staff Members Dr. Felica Gil and Ms. Fei Daniel presented the School Clerical Staff Orientation on Wednesday, June 16, 2021, at Miami Sunset Adult. The objective was to familiarize the attending adult education registration staff with the SAVES program since they are the first points of contact for new students. Introducing them to the program, what it offers, what questions to ask new students and how to identify prospects and referring them to SAVES School Contacts will help SAVES recruit new students.
- The first in person SAVES District Meeting since COVID19 was held Wednesday July 7, 2021 at 3:00 p.m. with SAVES District staff and school contacts at Hialeah Miami Lakes in the Media Center. Masks were worn by all attendees and social distancing was practiced in accordance with CDC guidelines. Recruitment methods, data reports, billing information and more were discussed in detail. All attendees received folders with handouts and electronic copies of all information for further review and future reference.
- You can reach the SAVES District office by e-mailing Dr. Felicia Gil at gilfelicia@dadeschools.net
