Contact: Lourdes Leconte
Office: (786) 257-5173
Cell: (305) 401-3374
E-Mail: Lourdes.Leconte@myflfamilies.com

This taskforce has been active in the Miami area for many years. The participants are representatives of various government agencies, private not-for-profit organizations, and mutual assistance associations. An average of about twenty-five to thirty people attends these meetings on a regular basis. The purpose of these meetings is to increase awareness of the refugee populations, share best practices, build collaborations between agencies, spot trends in refugee populations, characteristics or movements, help create good communication among service providers; get informed about upcoming community events, request for proposals, training, workshops, conferences, etc., at the local, state and national level; discuss refugee program service needs and possible solutions to meeting those needs. Meeting participants also receive updates, information and clarification on new federal and state regulations and policy changes pertaining to refugees.

If there are any issues that you would like to include in the agenda, please contact me at the above address.

I look forward to seeing you at the meeting!

INTRODUCTION:

Lourdes Leconte, DCF Refugee Services Community Liaison welcomed everyone and called the meeting to order.

PRESENTATIONS:

- Victor Atkins, Director, Office of Public and Indian Housing (PIH), HUD Miami Field office and Henry Whitehead, Equal Opportunity Specialist, Equal Opportunity (FHEO): The mission of the Office of Fair Housing and Equal Opportunity (FHEO) is to eliminate housing discrimination, promote economic opportunity, and achieve diverse, inclusive communities by leading the nation in the enforcement, administration, development, and public understanding of federal fair housing policies and laws. Fair Housing is everyone's responsibility. Local Communities, Housing Advocates, Housing Managers and Organizations, Landlords Real Estate Agents, Civic Organizations etc.... The Fair Housing Act prohibits certain practices such as: Make housing unavailable or deny dwelling for certain population or set different terms, conditions or privileges for the sale or rental of a unit for certain of group of people. While refugees are not a specific protected class, the protections against housing discrimination based on national origin often may extend to refugees. FHEO does not ask about immigration status when people file complaints. Local laws may provide fewer or additional fair housing protections, but the federal Fair Housing Act continues to prohibit discrimination and is enforceable whether or not a local ordinance or state law exists. Remember it is illegal to Threaten, coerce, or interfere with anyone exercising a fair housing right or assisting someone who exercises that right! If you are the victim of discrimination, please call 800-440-8091.

EDUCATION SUBCOMMITTEE MINUTES – OCTOBER 10, 2021

**2021 REFUGEE TASK FORCE
EDUCATION APRIL SUBCOMMITTEE MEETING
(Oct. 8, 2021)**

- REVEST currently has more than 740 students attending this Fall Term 2021. We already have students for the Spring 2022 Term starting January 2022. So far by the beginning of this current Term, 844 VESOL students have been enrolled program wide, and around 250 are going to be enrolled for Spring 2022. Although we started this Fall with face-to-face classes still COVID 19 keeps impacting our students, even though the strict security measures taken at the college confirm their safety on Campus. Approximately out of those 250 students planning to start next Spring, 120 new students have been confirmed to test and enroll in the program throughout these months in our different Centers.

- The REVEST Program has been able to process over 150 vocational registrations so far in the current Fall term ending in December 2021. REVEST continues with a campaign initialized in September 2019 (Fall 2197) to increase vocational registrations. We have continued to provide our students with Vocational Training Orientations during each VESOL Mimi-Term to start informing them, since lower levels, about their training options. These ongoing presentations also focus on the requirements for each type of course/Program, including VESOL completion, TABE scores and the in-state status; and include information about employment projections, growth and salaries as per a Labor market Analysis conducted by REVEST. In addition, the Vocational Coordinator attends Faculty meetings to discuss and develop strategies with the instructors to push the students' assimilation into vocational training, and the use of the vocational flyers in communicative activities. We continue providing training and advisement to advisors to be updated about changing procedures and system issues.
- REVEST/Miami Dade College continues to offer in person classes as well as on-line only courses. Students are attending scheduled classes and learning through a variety of resources including the BlackBoard learning management system, My-Lab (Pearson Education) and Burlington English. We are proud of our staff for the all their efforts to provide high quality learning at REVEST for all our students.
- All faculty attended a virtual faculty meeting Sept. 16, 2021. Instructors offered feedback on in person classes. We are maintaining vigilance on all safety protocols and procedures given by Miami Dade College.
- REVEST is requesting training in fulfilling form regarding the Family Self-Sufficiency Plan Requirements to Promote Self-Sufficiency and Integration. Thank you for your support.
- The SAVES Trimester 2021-1 started on August 23, 2021 and will end on December 17, 2021. The total enrollment as of September 9, 2021 was 500. This total includes 280 newly enrolled and 17 SMA GED in Spanish students. The SAVES District office is working with the SAVES school contact persons and their administrators to provide the support and help needed to ensure that all services to students are provided.
- Students are enrolled in ESOL, ABE, SMA GED in Spanish, and in 73 different vocational/technical courses. Some of the courses in greater demand are Welding Technology and Advanced Automotive Services Technology for LAND ROVER and HONDA. Also, in great demand are courses on Electrical and Instrumentation Technology, Aviation Airframe Mechanics, Aviation Power Plant and Avionics Systems Technician and Network System Administration (Microsoft Technology).
- Translation and degree validation services continue to be offered to eligible students. These services are provided to students with high school diplomas, associate degrees, and four-year degrees and higher, including licensing. Students will continue to report

directly to the new service provider until we are able to resume meeting in person with the students, SAVES and the new service provider.

- SAVES continues to serve clients at 14 schools and three technical colleges, George T. Baker Aviation, Miami Lakes, and D. A. Dorsey, Technical College, where eligible students receive services through vouchers. To better serve our clients, the voucher program has been extended to all adult education centers and technical colleges in M-DCPS.
- SAVES is engaged in a massive marketing/advertising campaign to reach refugees and asylees who are still within the five-year eligibility period and are not being served. This campaign includes the SAVES website, Spanish and Haitian radio, and digital media in multiple platforms, including Facebook, Instagram and Twitter. This campaign is yielding good results for recruitment, enrollment, and retention.
- SAVES District personnel and school contacts follow up with students to ensure that they are aware of the instructional modes available to them according to their situations. Namely, 1. In person classes, 2, On-line classes and 3. Dual Modality to ensure continuation of the instructional process. SAVES District personnel explains the alternatives and assist students in accessing the instructional delivery method that best fits their needs. Information is gathered on students who are enrolled as well as those students who did not re-enroll. Students enrolled are being monitored on absences, withdrawals, and attendance hours. Those who did not re-enroll are contacted and offered help to motivate them to continue their education.
- The SAVES website is updated on an ongoing basis. The website is being revised to include more prospective students' user-friendly information about eligibility, services, and benefits available through to the SAVES program. New SAVES Student Success stories are uploaded, and congratulation letters are sent to the schools to be forwarded to the students. Visit our SAVES website at saves@dadeschools.com
- SAVES District staff conducts orientation and training for new school contacts to apprise them of procedures, new eligibility guidelines and initiatives to increase enrollment.
- SAVES first District meeting for School year 2021-2022 will be held on October 8, 2021. If you would like additional information about the SAVES program or are interested in being in our agenda, please email Dr. Felicia Gil at the SAVES District office gilfelicia@dadeschools.net
