# Message from the President and Executive Director

Fiscal Year 2016-2017 marked 29 years of service by One Church One Child of Florida in helping to increase permanency for children in the state's child welfare system. Although One Church One Child is an inclusive agency, major focus is placed on recruiting families interested in adopting, fostering and mentoring minority and older children. This focus is driven by the state's need and efforts to address the disparity and over representation of minority children in the foster care system.

One Church One Child is a model program which utilizes the effective grassroots approach of reaching out to the faith community, seeking active partnerships with churches and other religious entities to raise awareness and educate communities on the plight of children in foster care and the need to recruit families and individuals interested in adopting, fostering, or mentoring children in foster care.

Once again, One Church One Child is proud to report on its activities and successes in helping to increase the number of families coming forward to adopt, foster and/or mentor children. Also included in this report is an overview of efforts to recruit and sign up churches as resource partners to help support local efforts in communities across the state.

One Church One Child is led by volunteer Board Members along with dedicated Staff and local volunteers who serve alongside the Board on Local Advisory Committees. They are part of the overall outreach efforts in communities.

In this report special attention and appreciation is extended to the many churches, individuals, communities, businesses, foundations and governmental partners who have joined in partnership and commitment to help make a difference for Florida's children who are in foster care and local families.

Sincerely,

Rev. Beverly Hills Lane

Benerly Hills Lane

President

Dr. Arie Sailor Executive Director/CEO

### Wision

One Church One Child of Florida's vision is to be the premier leader in supporting permanency for minority children through prevention of maltreatment, intervention, adoption promotion and support for families.

### Mission

Our mission is to partner with churches and the greater community to increase permanency for minority children through prevention, intervention, adoption promotion, and family support services.

## Values

- A holistic/faith approach
- Respect for the varied dimensions of individuals and families
- Recognition of the importance of relationships
- Empowerment of those we serve
- Partnerships and collaborations in communities
- Provision of high-quality, sufficient, consistent, integrated, timely and transparent services

### 2016-17 Achievements

One Church One Child's (OCOC) corporate mission is the adoption of minority children as its primary goal. To that end, Board Members and staff predominantly reach out to communities through pastors and churches to recruit families to adopt, foster or mentor children from Florida's foster care system. The basic principle of the organization is to "find at least one family per church to adopt, foster or mentor at least one child from foster care."

#### Plans for the year included:

- Resources Resources would be organized by determining regional adoption goals based on the number of children on the Explore Adoption website.
- Referrals Families would be referred to Community-Based Care (CBC) Lead Agencies or other child-placing agencies in Florida for adoptive parent training prior to completion of an adoption home study.
- Recruitment OCOC would recruit churches within regions by presenting OCOC's case for support, explaining procedures and support tools, answering questions, and confirming participation by churches signing a Memorandum of Understanding (MOU).
- Publicity OCOC would help publicize the need for adoptive parents, using flyers, inserts and media kickoffs. Photos of available children with brief information on the children and related information would be shared with local media and with participating churches. OCOC would sponsor major adoption recruitment kickoff events, educating and engaging churches and other community leaders in addressing the issue of minority children in the foster care system waiting for a permanent home.
- Results OCOC would track and monitor all referrals of families with reports to the Department of Children and Families (DCF) and the CBC Lead Agencies, in addition to completing a year-end report.

In planning, preparing and implementing the goals for the year, the board members donated countless hours of time and effort, participating in board meetings, subcommittees, workgroups, and small session meetings.

Historically, OCOC was first implemented in the State of Illinois when the then Secretary of the Illinois Department of Human Services, Greg Coler, and Deputy Secretary Gordon Johnson sought out Father George Clements to help them in addressing the disproportionate number of minority children lingering in foster care. In 1988, Greg Coler became Secretary of the the former Florida Department of Health and Rehabilitative Services (now known as the Florida Department of Children and Families) and implemented the successful minority adoption recruitment program in Florida. In 1990, the One Church One Child of Florida Corporation Act became law (section 409.1755, *Florida Statutes (FS)*). This Act mandated OCOC to operationalize as a non-profit corporation with a Board of Directors appointed by the

Governor. The program currently has a 23-member Board of Directors to carry out the intent of the law. Board members serve a minimum three-year term. The current Board was appointed/reappointed July 8, 2015 by Governor Rick Scott, filling 15 of the 23 slots.

#### Summary of the Organization

OCOC operates out of a statewide headquarters office located in Tallahassee and has satellite offices in Jacksonville (Northeast Region), Riverview (SunCoast Region) and West Palm Beach (Southeast Region).

The headquarters office includes a full-time Executive Director, Deputy Director, Community Coordinator, Administrative Assistant and volunteers. The Executive Director and Community Coordinator were hired in January 2003; the Deputy Director was hired in October 2007; and the Administrative Assistant was hired in September 2013. The satellite offices in Jacksonville and Riverview include a Recruitment Coordinator at each site. The Jacksonville staff member was hired in October 2013, and the Riverview staff member was hired in September 2010. The West Palm Beach office is staffed by a part-time Volunteer Adoption Recruiter.

OCOC works in partnership with churches, local businesses, agencies and such entities as Daniel Memorial, Inc., Chapters of Buffalo Soldiers in Tallahassee, Jacksonville, and Tampa, the Governor's Office of Adoption and Child Protection, local Heart Galleries, Florida A&M University and Florida State University Social Work Programs, the Florida Coalition for Children, Family Support Services of Northeast Florida, ChildNet, Devereux, Eckerd Community Alternatives, Partnership for Strong Families, OurKids Miami-Dade and Monroe, Children's Network of Southwest Florida, Families First Network, Florida Baptist Children's Home, Children's Home Society, Boys Town North Florida, Big Bend Community Based Care and other community-based care agencies. OCOC continues its partnership with the Department of Children and Families.

OCOC of Florida also works with the national chapter of One Church One Child and the Child Welfare League of America Faith Advisory Committee (CWLAFAC). In partnership with these entities, OCOC has worked on initiatives to help increase the involvement of the faith community in child welfare services.

State Board Members, advisory committee members and staff, in conjunction with members of the community, have been involved in efforts to recruit adoptive and foster families and mentors. Volunteers also have worked with the state board members to support local recruitment efforts, and those volunteer hours are captured on OCOC time tracking logs. Statewide statistics show that this year 2,970 volunteer hours were logged by advisory committee members, university interns and other volunteers, while 2,109 volunteer hours

were logged by state board members, for a total year-to-date of 5,079 volunteer hours. The total volunteer hours were valued at \$66,027. Volunteer hours were calculated from the number of hours State Board Members and local Advisory Committee Members donated to OCOC through recruitment activities. The total dollar value was calculated by multiplying the total number of volunteer hours by the allowed \$13.00 an hour.

As indicated above, OCOC has experienced changes and transitions from a program of the Department of Children and Families, to a licensed child placing agency, and currently a nonprofit adoption recruitment organization. In fulfillment of this role, OCOC has implemented an innovative campaign to increase adoption resources and involve more churches in partnering to recruit families interested in adopting, fostering and/or mentoring. This report also highlights the agency's overall accomplishments for state fiscal year 2016-2017.

#### Community Awareness and Involvement Activities

The OCOC State Board of Directors and Local Advisory Committees continue to engage churches and communities in activities to heighten awareness and increase recruitment of potential adoptive and foster families and mentors. Activities conducted during this reporting period included:

  of Florida, focusing attention on children waiting for adoption. These packets provided
  sample announcements to be read during services or published in bulletins in lobbies,
  libraries and vestibules.
