# Quality Counts for Kids' (QCFK's) Program-Wide Positive Behavior Support

The Program-Wide Positive Behavior Support (PWPBS) Project promotes the adoption of Pyramid Model (Fox, Dunlap, Hemmeter, Joseph, & Strain, 2003) across select community early childcare centers and family child care homes in Hillsborough County, Florida. PWPBS facilitates the development of children's social-emotional competence through training, technical assistance, and practice-based coaching in collaboration with a site-based leadership team on data based decision making and in implementation of the Pyramid Model. PWPBS is a subcontracted service with the Early Learning Coalitions' Quality Counts for Kids collaborative (ELC-QCFK) funded by the Children's Board of Hillsborough County.

## PWPBS Sites
