SUBJECT: 'Get Ready' for FSFN Enhancements coming January 22, 2021

PURPOSE: The purpose of this memorandum is to inform child welfare stakeholders of the Florida Safe Families Network (FSFN) enhancements scheduled for implementation on January 22, 2021. This information should enable you to "Get Ready" for any changes.

BACKGROUND: The Department of Children and Families is preparing our system for the implementation of policy and practice changes to support implementation of the Family First Prevention Services Act (FFPSA). As the policy and practice changes are defined, the Florida Safe Families Network (FSFN) is being modified to align with the business processes. Over this fiscal year, FSFN enhancements will be deployed each quarter to support our readiness for FFPSA implementation.

In January, FSFN enhancements will be deployed to enable:

- Expanded documentation of mental health evaluations, including evaluations for placement in a Qualified Residential Treatment Placement (QRTP) and Comprehensive Behavioral Health Assessments;
- Data collection of Comprehensive Placement Assessments;
- Documentation of 'Family Made Arrangements;'
- Streamlined documentation of Legal Case and Legal Custody status;
- Case plan templates that align Caregiver, Case Manager, and Parent responsibilities with those outlined in HB1105;
- Real-time query of FSFN for Law Enforcement officers via FCIC (coming February 4, 2021);
- Notifications of calls to the Hotline that are screened out; and
- Notifications to CLS workers to prompt court notification.

For a more detailed overview of all enhancements in January's release please see the attached "FSFN Enhancements-January" document.
