Adoption Staff

Fiscal Staff

What is Changing?

A **Post Adoption Services page** was created to provide staff the ability to document **Services Requested** by families, **Services Offered** to the families and ultimately the **Services Referred** to families, if accepted.

The Post Adoption Service Page allows for the fiscal agency receiving the contact to send a request for services to the fiscal agency providing the services in the area where the adoptive family resides.

Twenty-three Post Adoption Service Types (23 paid, 23 unpaid) have been added to assist with documenting services for adoptive families.

The **Post Adoption Services page** will be displayed directly following the Photo-Sibling Group Photos and will use the same icon as the other Adoption work; the Post Adoption Services page will also display those records created/ updated within the last 24 months.

The pre-existing **Services page** has been modified to display the associated **Post Adoption Services ID**, if the Service was created from the Post Adoption Services page.
