Annual Adoption Survey

Post Communication Survey

Purpose

The Adoption Incentive Program is intended to improve the achievement of permanency, stability, and well-being for children residing in foster care through the development of specific and measurable performance standards. Section 409.1662(4), Florida Statutes (F.S.), requires the Florida Department of Children and Families (department) to provide an annual report to the Governor and Legislature of the established negotiated targets, outcomes achieved, and incentive payments made to each Community-Based Care Lead Agency (CBC) during the previous state fiscal year.

Due to budgetary constraints, the 2019-2020 Adoption Incentive Program was unfunded. Therefore, specified adoption performance standards were not negotiated with each CBC. At the point the adoption incentive program funding is allocated, specified adoption performance standards will be identified and negotiated with each CBC.

Section 409.1662(2)(a), F.S., requires the completion of a baseline assessment of performance in the areas listed below. In establishing the baseline assessment, some limitations to available data exist, which are described throughout this report. The most recent five years of available data were evaluated for the following adoption performance areas:

1. The number of families attempting to adopt children from foster care and the number of families completing the adoption process.
2. The number of children eligible for adoption and the number of children whose adoptions were finalized.
3. The length of time eligible children waited for adoption.
4. The number of adoptions that resulted in disruption or dissolution and the subset of those disrupted adoptions that were preventable by the CBC or the subcontracted provider.
5. The length of time taken to complete each phase of the adoption process.
6. The expenditures made to recruit adoptive homes and a description of any initiatives to improve adoption performance or streamline the adoption process.
7. The results of any specific effort to gather feedback from prospective adoptive parents, adoptive parents, children in the child welfare system, adoptees, and other stakeholders.
8. The use of evidence-based, evidence-informed, promising, and innovative practices in recruitment, orientation, and preparation of appropriate adoptive families; matching children with families; supporting children during the adoption process; and providing post-adoptive support.

Comprehensive Baseline Assessment

Per statutory requirements (s. 409.1662(2)(a), F.S.), the department conducted a comprehensive baseline assessment of the eight required adoption performance areas. Five years of available data were analyzed for each area. To compile this report, available data was extracted from the Florida Safe Families Network (FSFN), which is Florida's child welfare system of record. Any variation in this data collection methodology is noted in the report.

2020 Adoption Baseline Data

1. The number of families attempting to adopt children from foster care and the number of families completing the adoption process.

The chart above depicts the total number of adoptions through the department and the actual number of families who adopted at least one child each state fiscal year during the five-year assessment period (See Appendix A for data at the CBC level). Families interested in adopting have multiple avenues to assist them in starting the adoption process. Due to the various

methods, the department is unable to identify the number of families attempting to adopt children from foster care.

Between SFY 2014-2015 and SFY 2019-2020, the number of finalized adoptions increased from 3,468 to 4,548 and the number of families who adopted one or more children from foster care increased from 2,470 to 3,079. Potential factors that contributed to the rise in the total number of adoptions and the number of families adopting from the foster care system for SFY 2019-2020 may include the expansion of the Adoption Benefits Program for State and Other Qualifying Employees located in s. 409.1664, F.S.

2. The number of children eligible for adoption and the number of children whose adoptions were finalized.

The chart below illustrates the overall trend in the number of children eligible for adoption on July 1 of the fiscal year and the subset of those children who were subsequently adopted by June 30 of that fiscal year. The number of children eligible for adoption increased from 2,649 in SFY 2015-2016 to 3,905 in SFY 2019-2020 and the percent adopted increased from 55.1 percent to 58.0 percent for the same time period (see Appendix B for CBC level data).

3. The length of time eligible children waited for adoption.

In Florida, children are not eligible for adoption until the parental rights of their legal and/or biological parents have been terminated. The chart below represents the average length of time from the termination of parental rights (TPR) to finalized adoption for children who had a finalized adoption during the five-year baseline assessment period. The chart shows an increase in the statewide average for the length of time from TPR to adoption finalization from 10.0 months in SFY 2018-2019 to 13.51 months in SFY 2019-2020 (see Appendix C for CBC level data).

4. The number of adoptions that resulted in disruption or dissolution and the subset of those disrupted adoptions that were preventable by the lead agency or the subcontracted provider.

The chart below shows a listing of the total disruptions and those that were preventable by the CBC or the subcontracted provider. A preventable disruption is defined as a family withdrawing their expressed intent to adopt due to the family no longer being interested in adoption prior to the adoption being finalized. The data displayed illustrates disruptions from the last reporting period until the end of SFY 2019-2020. As indicated below, 14 CBCs have had less than five disruptions for a total of 78 preventable disruptions for SFY 2019-2020.

Number of Total and Preventable Disruptions
July 1, 2019 through June 30, 2020

Primary Agency	Number of Preventable Disruptions	Total Disruption s	Percent Preventable

Source: OCWDRU Report #1219 - Expressed Intent to Adopt Withdrawn

Section 65C-16.001(12), Florida Administrative Code, defines dissolution as the return of a child to out-of-home care and the subsequent termination of the parental rights of the adoptive parents. Dissolutions continue to be tracked manually by the CBCs and the department's Statewide Adoption Program Specialist.

The chart above reflects that the number of adoption dissolutions continues to decrease from 106 in SFY 2014-2015 to 40 in SFY 2017-2018. The CBCs reported that adoptions that occurred years ago when the child was at a young age are the population of children who are having dissolutions. This subset of children are now adolescents, and their adoptive parents are unable to manage their behaviors. The CBCs continue to expand post adoptions services to better support families in areas to prevent dissolutions.

5. The time taken to complete each phase of the adoption process.

There are two clear phases of the adoption process. The first phase of the adoption process is the time between the removal of the child from his/her biological and/or legal parents to the termination of paternal rights of both parents. The second phase of the adoption process begins with the termination of parental rights of both parents and ends with the finalized adoption of the child.

The chart below displays the length of time to complete each phase of the adoption process during the last five state fiscal years, as well as the total length of time it took to reach adoption completion (see Appendix D for CBC level data). During SFY 2019-2020, there was an increase in the amount of time from removal to TPR by 0.91 months and an increase in the length of time from TPR to adoption by 3.51 months compared to SFY 2018-2019.

6. The expenditures made to recruit adoptive homes and a description of any initiative to improve adoption performance or streamline the adoption process.

The CBCs and their subcontracted providers utilized several resources such as foster and adoptive parent support groups, community fairs, churches, local media outlets, and social media to recruit adoptive homes for available children throughout the state. From July 2019 through June 2020, three of the 19 CBCs covering Florida’s 20 judicial circuits reported holding adoption related activities/events and two CBCs reported the use of department contracted dollars, grants, and in-kind donations for the recruitment of adoptive homes in the amount of \$10,390 for those events. The following chart illustrates the expenditures and the number/type of events held as reported by each CBC.

Expenditures for Adoption Related Activities, July 1, 2019 - June 30, 2020

Primary Agency	# Child Specific Activities	Child Specific Expenditures	# General Activities	General Expenditures	# Targeted Activities	Targeted Expenditures	# Other Activities	Other Expenditures	Total Events	Total Expenditures
C 4 Family Support Svcs North Fla	1	\$1,000	11	\$3,000	17	\$6,175	0	\$0	27	\$10,175
C10 Heartland for Children	0	\$0	3	\$215	0	\$0	0	\$0	3	\$215
C 6 Eckerd Community Pinellas/Pasco	0	\$0	0	\$0	1	\$0	0	\$0	1	\$0
Statewide	1	\$1,000	14	\$3,215	18	\$6,175	0	\$0	31	\$10,390

7. The results of any specific effort to gather feedback from prospective adoptive parents, adoptive parents, children in the child welfare system, adoptees, and other stakeholders.

The department, in conjunction with the CBCs, conducted an Annual Adoption Survey to gather feedback from prospective adoptive parents, children in the child welfare system, adoptees, and other stakeholders.

The survey inquired as to the participants’ overall adoption experience, the quality and timeliness of services, and post-adoption services/supports in their area. A total of 688 responses were received. A copy of the survey instrument is attached to this report, as well as the outcomes.

Overall, participants reported that their CBCs excelled in three areas: the timely completion of the adoption home study, offering transparency during the adoption process, and responding to the questions timely. The majority of participants expressed that the CBCs could improve in the following areas: post-adoption services/supports, and the assistance in accessing post-adoption services/supports.

The department, in conjunction with the CBCs, also conducted a Post Communication Survey to gather feedback from families that requested and received services as a result of the One-Year Post Communication Contact requirement outlined in s. 39.812(6), F.S.

The intent of the survey was to determine the types of services received by the family and the quality of those services. While several families were provided the survey, only 17 responses were received. A copy of the survey instrument is attached to this report as well as the outcomes.

Based on the total number of survey participants, the majority of the families indicated that they requested assistance with mental health services, behavioral health services, and assistance with adoption subsidy. Due to the limited number of responses received, the department is unable to determine statewide trends regarding post-adoption services and supports. Nevertheless, the department continues to offer statewide trainings, as well as trainings to CBCs, Case Management Organizations, and adoptive parents on topics that include maintenance adoption subsidy, Medicaid, and post-adoption services and supports.

8. The use of evidence-based, evidence-informed, promising, and innovative practices in recruitment, orientation, and preparation of appropriate adoptive families, matching children with families, supporting children during the adoption process, and providing post-adoptive support.

The CBCs throughout the state reported the use of various tools and practices used in the preparation of appropriate adoptive families, matching children with families, and providing post-adoption supports.

[Eckerd Connects-Community Alternatives Hillsborough](#)

In SFY 2019-2020, Eckerd Connects implemented a new program that provided hands on quality improvement trainings to community partners. The Adoption Team within the CBC created an Adoption 101 training that breaks down all aspects of adoption work in which all new adoption case managers are required to participate. In addition, there are monthly trainings facilitated by the CBC that specifically discusses some of the major components of adoption such as: enhanced subsidy, subsidy files, separation of siblings, cultural competency, recruiting for older children, trauma and the brain, etc.

[Big Bend Community Based Care](#)

Big Bend Community Based Care implemented an initiative which assigned a specific Adoption Specialist to each child with a goal of adoption who is also placed in a group home. The Adoption Specialist works closely with the Adoption Home Finder to assist with the transition from the group home to adoptive placement. As a result of this initiative, there were 19 children matched and adopted.

Statewide Practices

Some commonly used recruitment activities that have continued to be successfully utilized throughout the state by the CBCs and their subcontracted providers are: featuring professional portraits of available children on Florida's Explore Adoption website and using the Adopt Us Kids and Children Awaiting Parents national websites. In addition, several CBCs have continued the use Heart Galleries to recruit families for children with unidentified adoptive homes by displaying professional portraits on a centralized website and within the communities at local businesses and churches. There has also been an increase in the use of social media outlets such as Facebook and YouTube to feature available children and promote adoption during the current pandemic.

Conclusions

The department successfully implemented the statutory requirement of a Comprehensive Baseline Assessment. Unfortunately, due to budgetary constraints, the Adoption Incentive program was unfunded for SFY 2019-2020, limiting the department's ability to negotiate targets, review outcomes achieved, and provide incentive payments to the CBCs. All components of the Adoption Incentive Program contained in s. 409.1662, F.S., will be reinstated once funding is allocated. The department did complete the baseline assessment required by s. 409.1662(2)(a), F.S., which outlined some positive strides in adoption trends throughout the state. The department and the CBCs will continue to work together to improve these trends and ensure that all children available for adoption achieve permanency by finding their forever family.

ANNUAL ADOPTION SURVEY

July 2019 – June 2020

Department of Children and Families

Office of Child Welfare

November 13, 2020

Chad Poppell

Secretary

Ron DeSantis

Governor

Introduction

In an effort to improve, the Department of Children and Families is soliciting your feedback through the Annual Adoption Survey. Your perspectives, input and support are critical to the continued growth of our child welfare system.

The Annual Adoption Survey should take approximately **7 minutes** to complete. Responses to this survey are anonymous.

Thank you in advance for your response.

Annual Adoption Survey -2019-2020

Please select your primary involvement in the adoption process, if any:

What is the primary county you work in or worked with during your adoption process?

What area(s) does your lead Community Based Care Agency and/or Case Management Organization Agency excel in? Please select all that apply.

What area(s) does your lead Community Based Care Agency and/or Case Management Organization Agency need to improve in? Please select all that apply.

What do you believe is the number one challenge affecting the stability and well-being of Florida's adoptive children?

Based on your experience during the last 12 months, please rate the quality and timeliness of the following:

In what way can the state of Florida improve their adoption service delivery? Please select all that apply.

Are you aware that the State of Florida has an Adoption Information Center?

Based on the knowledge, what services does Florida's Adoption Information Center offer? Please select all that apply.

Florida's Adoption Information Center provides adoption information and referral services to adoptive parents, adult adoptees, birth relatives, pregnant women and professionals. Please visit the Adoption Information Center at adoptflorida.com or contact them at 1-800-96-Adopt.

Thank you for participating in this survey.

POST COMMUNICATION SURVEY

Department of Children and Families

Office of Child Welfare

November 13, 2020

Chad Poppell

Secretary

Ron DeSantis

Governor

Introduction

In order to assess the quality and quantity of our post adoption programs, we need to hear from our adoptive parents who are the true customers of post adoption services. Post adoption services include all services and staff available to assist you as an adoptive parent and your adopted child, until the child turns age 18.

Please help us by taking a little time to answer the questions below. The Post Adoption Communication Survey should take less than **15 minutes** to complete. Responses to this survey are anonymous.

We very much want to hear from you and appreciate your input. Please call 1-800-96-ADOPT if you have questions.

Thank you in advance for your response.

Please indicate your current age range:

Please indicate your gender.

Are you currently ...

What is the highest level of schooling you have completed?

In general, how would you describe your physical health? Would you say it is ...

Please indicate how many adults age 18 and older, including yourself, currently reside in your household?

Please indicate how many children (under age 18) currently reside in your home?

Of the children living in your home, how many are your biological children?

Of the children living in your home, how many were adopted?

In what year did your first adoption finalize?

In what county did you finalize your Adoption

Has your family received Post Adoption Services/Supports since finalization?

What type of Post Adoption Services has your family received. Please select all that apply.

Do you feel the providers of the Post Adoption Services understood the issues that your adopted child and family have related to adoption?

What services have you tried to access but are unable to receive? Please select all that apply.

A service my child and/or my family needs is unavailable because of the following: Please select all that apply.

Do you feel comfortable asking your Post Adoption Worker for additional help/assistance?

Please indicate why you are uncomfortable asking your Post Adoption Worker for additional help/assistance?

Is there a service or support that you want your post adoption worker to provide that is currently not being provided? Please select all that apply.
