Network Service Provider Performance Measures

For each Network Service Provider Measure where Year to Date performance falls below the Minimum Acceptable Network Performance, attach a brief narrative describing each of the following elements.
1. Any provider-specific challenges, obstacles, or other operational considerations which are identified as significant factors underlying the

unsatisfactory level of performance.

- Any extenuating circumstances beyond the Managing Entity's scope which are identified as significant factors underlying the unsatisfactory level of performance.
- Efforts the Managing Entity has undertaken to support improved performance during this reporting period.

 Efforts the Managing Entity will undertake in the future to support improved performance during subsequent reporting periods.

Any region-wide guidance, capacity, training, or other logistical supports needed to support improved performance during subsequent reporting periods.

Effective: July 2025
